

Assignment 1

Juhi Shaw 19BAI10038 (SmartInternz VIT-B IOT)

20 use cases of IoT :

- 1) Smart Door Recognition
- 2) Smart Sprinkler System
- 3) Smart Home
- 4) Agricultural Drone
- 5) Connected Factories
- 6) Smart Retail Shop
- 7) Smart Lightning Systems on Streets
- 8) Electronic Road Toll
- 9) Smart Playgrounds
- 10) Supply Chain Management by IoT
- 11) Traffic Monitoring System by IoT
- 12) Forest Fire Detection by IoT
- 13) Portable Water Quality Assurance
- 14) Health Monitoring System
- 15) IoT in packaging Industry
- 16) Landslide Detection by IoT
- 17) Volume of Visitors Check by Smartphone
- 18) Waste Management System by IoT
- 19) Urban Noise Detection
- 20) Auto-Human Detection to Switch On/Off Electrical Appliances
